

Build a City

SOL: C/T 6-8.3, C/T 6-8.4, C/T 6-8.5, C/T 6-8.9

Objective: Use Google Sketchup and the 3D warehouse to create a city with some of the tallest buildings in the world.

Build a city:

- Download the following buildings
 1. Burj Khalifa
 2. Makkah Royal Clock Tower
 3. Taipei 101
 4. Shanghai World Financial Center
 5. International Commerce Center
 6. Petronas Towers
 7. Nanjig Greenland Financial
 8. Willis Tower
 9. Kingkey 100
 10. Guangzhou International Finance Center
- Add 5 other city buildings
- Build city roads using Sketchup
